LAND TRUST BUDGET UPDATE-

We are on track with our budget so far this year. We spent some on supplies for reading interventionists. We have a preliminary budget for the coming year that will increase our budget by roughly \$10,000 for next year.

SCHOOL DATA REVIEW-

Presented by Carolee Mackay- Data presented for all grade levels in both ELA and Math. DORF scores very comparable to last year's scores.

Last year's SAGE data reviewed.

DWSBA DATA- Across the school there was a decrease in scores from Fall to Winter.

This is the first year this test has been administered. There are no past year's data to compare these scores too.

All data is available to view in the front hallway of the school.

CSIP DISCUSSION FOR 2017-2018 SCHOOL YEAR-

After reviewing data- what direction should we take for our CSIP plan for the 2017-2018 year? The plan needs to be finalized by next month's SCC meeting.

Are there other ways to assess students than tests? Yes- teachers are always using informal ways to assess where students level of understanding is at. Then they work with students in small group instruction to re-teach concepts.

There will be adjustments to PBIS Goals for next year. We just started Morning Meetings with students to help develop more social skills. Four components to the Morning Meetings. By May we will have all four parts integrated into the day.

Discussion that keeping our plan similar to what it has been. We would like to hire an additional math interventionist. BJ would like to hire a behavior aide also.

OTHER BUSINESS-

Vicky Crocheron was hired for 2nd grade to replace Kellie Molis after leaving mid-year.

Supplemental Kindergarten will be expanding this coming year within the district. More schools will be offering it.

March 6th report cards sent home.

ADJOURN: NEXT MEETING- MARCH 21 at 4:30.
