**President's Report:**

- Cultural night date- April 24th, 5/5:30-7/7:30
- Choir/Orchestra performance at Butler Middle on December 12

**Treasurer's Report:** given by LeeAnn Ehrhart

Budget Passed, paid insurance and we are carrying a balance of over \$4000

**Principal Report:** Ms. Draper

- The district has put a new bond measure on the ballot. Ms. Draper passed around bond information flyers. Canyon view would receive skylights in every classroom that doesn't have a window. Brighton High would be rebuilt. It is a tax-neutral project. 2010 bond is expiring.
- Introduced a new program within CERT (Community emergency response team) for our school called SAFE (school aides families in emergencies). 2 major problems are communication and transportation. Cell towers may go down. To help solve this problem, schools will be the hub for communication and transportation, meaning in the event of an earthquake public transportation will run between different schools. Schools will be the point of reunification. Ham radio sites and emergency kits will also be available at schools. Canyons school district is piloting this program.
- Based on discussion for personal kits, Ms. Draper suggested creating a safety committee to work with the pta and scc to look at the kits in each classroom, and possibly adding to them and creating individual kits for each child. This might require an exterior structure to house the emergency kits rather than storing them in the classrooms.

**Hospitality**
