

School Community Council Minutes

Canyon View Elementary

October 10, 2018

Welcome & Introductions

Approval of Minutes/Follow up

Business:

- Internet safety discussion by Jennifer Davis, Internet Safety Coordinator and Coordinator and Ed Tech Chandra Martz
 - Our responsibility is to let the community, school and teachers know about what we are doing to filter and make our technology safe- Mrs. Draper will emphasize the “Common Sense Media” link on our website in the next Cub Chronicle.
 - What parents do to filter things at home is found in the link mentioned above.
 - Many parents have used the application called “Circle” which can help shut down internet when necessary and control what students use online.
 - The top priority is to talk to students and teach them about internet safety, at home and at school.
 - We have an assembly on Monday October 21st for students regarding digital citizenship and internet safety.
 -

- Debrief on Land Trust funds
 - The Land Trust Money amendment will not get submitted to the School Board due to current limited enrollment funds.
 - Due to this, our technology goals have shifted due to lack of funding.
 - We currently have one iPad cart in first grade and two in second grade. The goal is to get one cart per class.
 - We can discuss next steps for a one to one technology plan for next year when we (hopefully) have increased enrollment and funding.

- Update of fall data by Tammy Dautel.

- See attached presentation
- Update on SCC Council Membership.
 - Two of our parent members have currently resigned within the recent month, due to relocation and scheduling complications.
 - Rayna will get the word out in her PTA emails and Kierstin will communicate the openings in the next Cub Chronicle.
 - It is great for parents to know what is going on in the school, and council members will spread the word as well.

Action Items:

- We will vote on September minutes at our November meeting when we have a full council again.

Assignments:

- None at this time

Next Meeting: November 13th, 4:30 PM

Members Present:

Emily Weigel

Tami Dautel

Kierstin Draper
