### APPROVAL OF MINUTES/FOLLOWUP:

Motion by Roberta Smith and 2<sup>nd</sup> by Jen Welding  
Motion to be approved – APPROVED UNANIMOUSLY

### BUSINESS:

#### **Land Trust Progress-**

We spent a little over \$3,000 in February, all towards interventionists. \$16,000 remaining for the year. We project that there will be roughly \$2,000 leftover at the end of the year that we can carry over to the 2016-2017 school year.

#### **CSIP Plan for 2016-2017-**

Carolee presented our CSIP plan for the 2016-2017 school year. Everyone in attendance received a copy of the plan. Carolee and BJ went through the plan and explained it. Everyone in attendance signed off on the plan. One suggestion- Making an acronym key that will allow everyone to understand the terminology used in the plan. Carolee will make that key and add it to the document.

#### **Other Business –**

Mr. Weller announced that due to different allocation of resources, we will be able to have a STEM and Art teacher on staff every week next year. This will be a great addition to our current Brain Boosters program.

Mr. Weller announced that Canyon View will be the site for a Diagnostic special education Kindergarten class for the 2016-2017 school year. It will be a small class that will help children transition to the traditional classroom. The students will be bussed to

Canyon View and there will be some adjustments made in teacher's rooms to accommodate adding another class.
